Integration of SWAYAM (MOOCs) Electives

Aman Bhalla Group of Institutes

Aman Bhalla Group of Institutes is committed to enhancing the quality of education by adopting innovative teaching-learning practices and providing students with diverse academic exposure. In alignment with the Government of India's digital learning initiatives, the Institute integrates SWAYAM (Study Webs of Active Learning for Young Aspiring Minds) courses into its academic framework for elective subjects.

1. Integration of SWAYAM into the Curriculum

Aman Bhalla Group of Institutes incorporates SWAYAM courses into the curriculum to broaden the range of elective options available to students. This integration enables learners to access high-quality courses offered by premier institutions and subject experts across India, thereby enriching their academic experience beyond conventional classroom teaching.

2. Elective Selection Process

Students are encouraged and guided to select elective courses from the SWAYAM platform during the designated course registration period. The selection is aligned with the programme structure, academic regulations, and individual career aspirations of students.

3. Academic Guidance and Support

The Institute provides continuous guidance and mentoring through faculty members and academic advisors to help students:

- Identify relevant SWAYAM courses
- Understand course outcomes and credit equivalence
- Align MOOCs with programme learning objectives

This ensures informed decision-making and meaningful learning.

4. Access to Learning Resources

Once enrolled, students gain full access to SWAYAM's digital learning ecosystem, including:

- Video lectures
- E-content and reading material

This supports blended and self-directed learning.

5. Flexibility and Self-Paced Learning

SWAYAM courses offer flexibility in terms of time and pace, allowing students to learn according to their individual learning styles while balancing academic and personal commitments.

6. Monitoring and Assessment

Aman Bhalla Group of Institutes monitors student participation and progress in SWAYAM courses. Internal evaluation components may include:

- Assignment completion
- Progress reports
- Certification status

Faculty members ensure academic rigor and active engagement throughout the course duration.

7. Credit Transfer and Academic Recognition

On successful completion of SWAYAM courses and fulfillment of certification requirements, academic credits are transferred and reflected in the student's academic record as per university/AICTE norms.

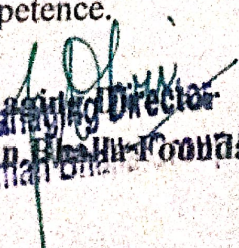

9. Promotion of Lifelong Learning

By integrating SWAYAM electives, Aman Bhalla Group of Institutes promotes:

- Lifelong learning
- Digital literacy
- Critical thinking
- Industry-relevant skill development

Conclusion

The mandatory/optional integration of SWAYAM electives at Aman Bhalla Group of Institutes reflects the institution's commitment to academic excellence, innovation, and holistic student development. Through this initiative, students gain exposure to diverse disciplines, expert knowledge, and flexible learning opportunities that enhance employability and academic competence.
