Ref. No. ABF/0001/1277

Dated ..... 23-12-2025

## CERTIFICATE

This is to certify that Aman Bhalla Group of Institutes has proposed and implemented a structured mechanism for enabling students to earn academic credits through skilling-based courses offered by Skill India – Ministry of Skill Development and Entrepreneurship, NSDC, and other leading national and international skilling platforms, with the objective of improving students' skill sets, employability, and industry readiness.

The Institute facilitates the identification, enrollment, and completion of such skilling-based courses through its established Training & Placement Cell (TPC), Innovation and Entrepreneurship Development Cell (IEDC), and Institution-Industry Interaction Cell (IIIC). These bodies work collaboratively to guide students in selecting relevant skill-oriented programs aligned with their academic curriculum and career goals.

The initiative supports the national mission of skill development and youth empowerment, enabling students to acquire practical, industry-relevant competencies that enhance productivity and employability in a competitive work environment.
